Physical Development

- Is there anything you particularly noticed about all the examples?
- Were there some areas or activities in the classroom where it was difficult to see these foundations in action?
- Were there some areas where it was easy?

Physical Development: Learning Experience 10

Physical Development

- Were some strands easier to see than others? Which ones? Why?
- What does this tell you about the importance of ongoing observation in early care and education settings?
- What are the implications of this for your current or future work with young children?
